

# DEFA WarmUp

230V ~ 50Hz CE

## DEFA WarmUp 1850 w/SmartStart™

DEFA WarmUp 1850 w/SmartStart™ is a 230V module based vehicle pre-heating system including an engine heater (1\*), Termini™ interior heater (2), battery charger (3), SmartStart™ remote control timer (3) and extension and connecting cable (5).

DEFA WarmUp ensures that a passenger car will be warm and ready-to-start, and provides the same level of comfort that a vehicle can normally only provide after having been driven several kilometres. DEFA WarmUp offers a convenient, reliable and effective means of providing passenger car drivers with a warm and comfortable interior for improved safety and reduced environmental impact.

**\*Note! Engine pre-heater must be ordered separately.**

DEFA AS is conforming to the requirements of both ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007. In addition to this, our engine heaters and cables are conforming to the requirements of ISO/TS 16949:2002.

### Item number

DEFA no: 471262

Assembly box: 4 - pack

### Usage & installation

Engine pre-heater is supplied separately because of special adapted solutions for a variety of engines and vehicles. Install the heater according to the enclosed installation guide.

**Note! For technical information about each of the products in WarmUp, see separate product sheets.**
